

## Teach Me To Dance Real Slow

We've danced here before  
With the crowd on the floor  
Rockin' and shakin' all over  
We don't even touch  
We're missin' so much  
Show me the way to get closer

Teach me to dance real slow  
Turn down the lights real low  
It's just me and you with nowhere to go  
Teach me to dance real slow

So please do not ask  
To play it too fast  
For love wasn't meant to rush into  
And I'd like to see  
How good it could be  
To dance just as slow as we want to

Chorus

So hold me and show me how close we can be  
We'll dance through the night you and me won't you please

Chorus
