

Bring Back Your Lovin'

There's so many miles between us
Since you went away
It won't be long you'll be comin' home
But it feels like forever until that day
It's wrong to be apart so long
There's nothing I can do
When all I am is missing you

Bring it on back now
Bring your lovin' here to me
Bring it on back now
Back home where it should be
Bring back your lovin'

I can't look into your eyes
I can't see you smile at me
And the few precious moments that we can talk
Just makes it more plain to see
All through the day I'm lonely now
And all night long I'm cryin' too
What else can I do

Chorus

From the day you come back we won't part again
That's all that I know
I'll hold you so tight all through the night
And never let you go
